Hello vikas kole,

Thank you for your outstanding submission to our CodeCircuit Hackathon! We were impressed by the
quality of your work - we'll announce the winners by Friday!

We've **shortlisted you for freelance paid coding opportunities with Outlier.ai** to build similar frontend
projects.

If you're interested, I've shared the next steps below (please sign up asap):

Next steps: Simply click the link below if you're interested, signup, do an onboarding, and get started with
a freelance coding project.

Join the Outlier.ai Frontend Projects

If you are facing any issues registering, our support team can help mainly via this form and they will get
back to you: https://forms.gle/Vp4bKoqnXzatNhEQ6

About the opportunity:

- Outlier is looking for exceptional front-end developers and designers to help train generative AI
  models.
- This freelance role is fully remote and offers flexible hours—you can work whenever works best for
  you
- Earn up to $50 (USD) per hour. Rates vary based on expertise, skills assessment, location, project
  needs, and other factors.

Best,

AJ
